TESTIMONIALS

Ana has been invaluable in taking my business to the next level over this past year. Her strong work ethic, creative vision, and passion for helping others is the perfect combination to successfully conquer any task I give her.

Within my business she has done digital marketing, branding, researched and implemented new systems, and assisted in customer support. There hasn't been a project that I've given her that she hasn't mastered. Any business would be so lucky to have Ana on their team!

TESTIMONIALS

I reached out to Ana and her team when I didn't know where else to turn to get my Love in 21 digital course up and running. I contacted Ana on a Friday and by Monday she had it all completed and ready to go for me. From then on, I knew Ana and her team had the work ethic, creativity, drive, and motivation to get all of my tasks done.

TESTIMONIALS

Ana has been an integral part of my business since I hired her almost a year ago. I brought Ana onto my team due to her attentiveness, consistent communication, willingness to learn and passion for supporting and running small businesses. Her skillset is quite versatile and she is always open to learning more. Ana has provided me with support in many areas, including: graphic design on Canva for social media, posting prompts and approving new members to my online Facebook group, running Tailwind and improving traffic to my website via Pinterest, running SmarterQueue, designed and creating audio files using Spare Min, podcast transcription, graphics and publishing show notes on Wordpress, assisting with ConvertKit templates, automation and monitoring stats and open rates and so much more. We have been able to stay in contact with each other via Trello and Loom - two programs Ana is also skilled at using. In addition, she is always a step ahead by providing professional suggestions based on her knowledge of branding, marketing and social media. I highly recommend Ana as a competent, professional and friendly addition to any team!
